

NEC Laboratories Europe is the European research center of the NEC Group, a world leader in the computer and communications markets with a large world-wide base of R&D Laboratories. Top researchers from more than 20 countries develop, pilot and bring to reality technologies through open innovation.

NEC Laboratories Europe has an immediate opening for a

Privacy Researcher

[ref:1802-279-SEC]

We are looking for a Research Scientist / Senior Researcher to contribute to research and development in the area of privacy with a special focus on privacy-preserving technologies, privacy-enhancing technologies, applied cryptography, and anonymization technologies. Our work ranges from foundational research and IPR creation to prototype development for NEC products and services.

We support individual creativity, strong teamwork as well as scientific publications. English is the working language in the Laboratories. Initially, this position is limited to two years.

NEC Laboratories Europe is located in Heidelberg - one of Germany's most beautiful and idyllic towns. The area offers a number of exciting cultural, entertainment, and outdoor activities.

If you are passionate about innovation, driven by challenges, and ready to bring your ideas from concepts to reality, we would like to hear from you.

Applicants are sought with experience and skills in these areas:

- Excellent publication track record in privacy-enhancing technologies and applied cryptography.
- Strong experience in anonymization technologies and differential privacy.
- Proven experience in handling and managing large scale projects.
- Excellent interpersonal and communication skills in English.
- Experience in software development including experience with programming languages, such as Golang, Java, or C/C++.

Candidates with a fresh Ph.D. in Security, Privacy, Computer Science, or a closely related field, with a hands-on approach and proven skills in real-world problem solving are preferred.

Please send your application **by 15 February, 2019** electronically via the applications web system <http://www.neclab.eu/jobs/> with reference to **[1802-279-SEC]**.
